March 4, 2009 - Following directly on the heels of a merger that unites the Summerville Sertoma and Azalea Sertoma clubs, the unified "Sertoma Club of Summerville" has completely redesigned their website.

"I felt as though the previous design just didn't take advantage of some of the simple things like drop down menus," said the clubs webmaster. "There is still a lot of content that we need to update from the merge, and there are still a bunch of functions and features that I would love to add." Added to the new site is a new logo, new look, new menu system, a dynamic calendar, and some new and updated content that includes information from the Azalea Sertoma site.
